The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave trade. The Age of Reason saw conflict between Protestantism and Catholicism transformed into one between faith and logic -- a debate that continues in the twenty-first century.

HEAVEN & HELL: WHAT THEY ARE & WHERE THEY ARE

Heaven and hell are relative terms. Heaven is the upper and less dense regions of the spirit world, while hell is the denser and lower regions thereof. Indeed, hell, or some portions of it, is on a level with the earth's surface. We are, therefore, surrounded at all times by evil and undeveloped spirits of men and animals. It is these spirits which we see in our dreams. As Jesus and the apostles had no true conception of the structure of the earth and solar system, it follows that their knowledge of the nature and relationship of heaven and hell was imperfect and erroneous. Hell, like this earth, is only a temporary abode of the undeveloped and evil-minded. Heaven is the permanent home of the mature and perfect.

God Made Easy: Where Did the Ideas of Heaven and Hell Come From?

A New York Times bestselling historian of early Christianity takes on two of the most gripping questions of human existence: where did the ideas of heaven and hell come from and why do they endure? What happens when we die? A recent Pew Research poll showed that 72% of Americans believe in a literal heaven and 58% believe in a literal hell. Most people who hold these beliefs are Christian and assume they are the age-old teachings of the Bible. But eternal rewards and punishments are found nowhere in the Old Testament and are not what Jesus or his disciples taught. So where did these ideas come from? In this "eloquent understanding of how death is viewed through many spiritual traditions" (Publishers Weekly, starred review), Bart Ehrman recounts the long history of the afterlife, ranging from The Epic of Gilgamesh up to the writings of Augustine, focusing especially on the teachings of Jesus and his early followers. He discusses ancient guided tours of heaven and hell, in which a living person observes the sublime blessings of heaven for those who are saved and the horrifying torments of hell for those who are damned. Some of these accounts take the form of near death experiences, the oldest on record, with intriguing similarities to those reported today. One of Ehrman's startling conclusions is that there never was a single Greek, Jewish, or Christian understanding of the afterlife, but numerous competing views. Moreover, these views did not come from nowhere; they were intimately connected with the social, cultural, and historical worlds out of which they emerged. Only later, in the early Christian centuries, did they develop into notions of eternal bliss or damnation widely accepted today. In this "elegant history" (The New Yorker), Ehrman helps us reflect on where our ideas of the afterlife come from.

With his "richly layered-narrative" (The Boston Globe) he assures us that even if there may be something to hope for when we die, there certainly is nothing to fear.

Heaven Or Hell?

There are some things in life we can afford not to be certain about, but the knowledge of whether “Heaven” and “Hell” exist is certainly not one of them! With so much deception, manipulation, and misconception about heaven and hell, many have elected to believe that neither exists. This is a dangerous position to take. Why? Because at the end of this life’s journey (death), your spirit/soul will be assigned to go somewhere (whether we believe and accept this truth or not). So for those who have taken this skeptic stance, before putting yourself in a permanent negative position, spiritually speaking, it would be prudent to at least explore what you have heard about Heaven and Hell and find out if what you have heard is true, or not! By the end of this book, you will know (with complete certainty) whether Heaven or Hell exist!

Will heaven be boring? How can a good and loving God send people to hell? Is there such a place as purgatory? If so, why is it necessary, if we're saved by grace? Questions about the afterlife abound. Given what is at stake, they are the most important questions we will ever consider. Recent years have seen a surge of Christian books written by people claiming to have received a glimpse of the afterlife, and numerous books, films, and TV shows have apocalyptic or postapocalyptic themes. Jerry Walls, a dynamic writer and expert on the afterlife, distills his academic writing on heaven, hell, and purgatory to offer clear biblical, theological, and philosophical grounding for thinking about these issues. He provides an ecumenical account of purgatory that is compatible with Protestant theology and defends the doctrine of eternal hell. Walls shows that the Christian vision of the afterlife illumines the deepest and most important issues of our lives, changing the way we think about happiness, personal identity, morality, and the very meaning of life.

A Correctional Officer that worked in a area called Maximum Security, Lock up or better known as Zulu. One day while C/O Boston was working he began to think to himself; I'm learning and gaining so much knowledge from this place, what can I do to make a difference? and a voice from God said to me, "Well what can you do". And I said to God the only thing I can do is write, and God said "Than write". So, I took a simple pen and paper and wrote the first page called the "13 Levels". I immediately wrote these pages of scrolls in front of a man that was screaming and yelling for dear life in which I decided to call this first book "HEAVEN AND HELL".

Death is a mystery, and people fear that which they do not understand. No one looks forward to dying, but it is inevitable. The mystery is, "Is there something or someplace where a person will go to after their last breath?" There are many beliefs concerning this matter, and not all of them can be true. Television and the media have trained our minds to believe that heaven and hell is a figment of our imagination. There is no life after this one. Others believe in some sort of heaven or hell. They have questions: Are they real? What are they like? What goes on while there? Where are they? And vitally important, Who will reside in either place, and why? The focus of this book is to develop an understanding about hell. Hell will remain a mystery as long as a person does not go to the source for the information. There are books written which speak of people who have died, gone to hell, and then come back. Should we believe them? Are they fiction or fact? Where can we go to receive the truth and answers? Is there a source which we can believe and not question? This book is not written on fable or fiction but on fact. The writer never went to hell or had visions from God. The answers concerning hell are available to any who seeks and is interested in their life after death. Read on and become informed. Knowledge of hell will help the reader in making a life-changing decision. Read on if you desire the truth.

Heaven and hell or divine justice according to spiritism, contains the comparative examination of the doctrines on the transition from bodily life to spiritual life, future penalties and rewards, angels and demons, eternal penalties, etc. What is the fate of man after physical death? What would be the causes of fear of death? Does Heaven and Hell exist? Does the ancient belief in angels and demons deserve credit? How does divine justice proceed? These and other related questions are duly clarified, in the first part of this work, in the light of logic and the teachings of the spirits.

Continuing from the first part, this part covers major negative habits like, Being too Possessive, Lack of Concentration, Too many Grudges, Lack of Trust and more habits like them. All the habits have been explained in details, supplied with many real life examples so that everyone may understand the topics easily. How we develop these habits, how we promote them, how they harm us, what are the signs we may have them and what are easy but effective remedies to get rid of these habits, all this has been covered in details.
